

Knoxville 1st Pathfinders

Communication

There are so many ways that we communicate these days, so we thought it would be best to send home a form with an explanation of everything.

Best Ways to Contact Us:

Mike Lopez, Director

Cell# (865) 318-0251 (call or text anytime)

Email: mikelopezdds@gmail.com (personal)
knoxville1stpathfinders@gmail.com (club)

The email addresses for the other staff members are available on the website if you need to contact them.

Website:

We have a website that we maintain for resources and contact information. There is lots of valuable information there, including: camping lists, uniform information, schedule/calendar, link to important websites, including AdventSource, and much more. Please take advantage of this resource.

The website is: www.knoxville1stpathfinders.org

Facebook:

We do have a "Knoxville 1st Pathfinders" group on Facebook. We typically do not use this for communication purposes, but you may see activity there on occasion. You have to be a member of this group, it is not open to the public.

Email:

We add your email address into a Pathfinder mailing list, so please check your email regularly, this is one of the main ways we will communicate information with you.

Remind (texting):

Remind is a texting service that your cell phone number will be added to in order to receive text messages. You will have to accept that you want belong to this group when you get an invitation. Normal text messaging rates may apply. This is another big way that we send out messages and reminders.

Instagram:

Our Instagram handle is @Knoxville1stpathfinders. Follow us on here to see pictures of the club in action.

I think that about covers it. We aren't tweeting just yet, but maybe we'll get there someday. As technology changes, we will try to change with it.

Thank you for making yourself accessible.

Mike Lopez
