

Water Safety Honor

Information and consent for Water Safety outing.

Very soon, we will be checking the pathfinders off on their water safety honor requirements. Each class (Friend, Explorer, Companion, etc.) is required to participate and receive this honor in order to be invested in their class. This will take place ONLY for the pathfinders that have never completed this honor before. Please bring your pathfinder to the KAS gym at normal time (6:00 PM) with the items listed below. You will be informed the evening before so you will be able to prepare. It will take place at the home of Dr. and Mrs. Lopez, the Pathfinder Club directors. We will be transporting pathfinders to the Lopez home to complete this honor. The pool in which the activity will take place is an above ground pool with a maximum depth of 4 feet of water. There is also a deck and railed steps for entering and exiting. This is not a pool party and there will not be a lifeguard on duty. Pathfinders will be in the pool for a minimal amount of time to check off their skills, then they will exit the pool, clean up, and to return to the KAS gym before the 8 o'clock dismissal time.

Your pathfinder will need to bring the following:

- swimsuit, (trunks for guys, one-pieces for girls),
- A towel
- something dry to change back into (probably the clothes they already had on).

Please talk to Mike or Heather Lopez if you have any questions.

I give my child permission to complete the Water Safety course at the Lopez home.
